

Bake the best with something good!

Family-owned for more than 120 years

Abel + Schäfer / KOMPLET

We are a German manufacturer of a large range of premixes and products for use in bakeries, confectioneries, hotels, super-market chains and cruise lines.

The company was founded in 1892 and is still a family-owned business. The registered brand name is **KOMPLET** which means “complete” or easy to use.

Together with our sister companies in many European countries and the United States and assisted by a world-wide network of distributors, we provide our customers with quality products all over the globe.

The requirements of the customers have changed over the previous years. Our product range has been developed according to the market needs. Nowadays, the so-called “healthy breads”, i.e. breads with a nutritional value, such as gluten-free, low glycemic index, high protein and organic products, are much appreciated. In the confectionery sector, products easy to use such as premixes for delicious muffins, moist donuts, glazes and coatings are especially in demand.

In both bread and confectionery sectors, **Abel + Schäfer / KOMPLET** offers a wide range of products and solutions for the customers' needs.

We wish you great success with the **KOMPLET** products and are always at your service.
